

Dear Parent/Carer,

As we approach the end of our school year, our PSHE topics in Year 6 considers how our bodies change and develop as we grow and how babies are conceived. It is now a statutory requirement for all children of primary age to be taught **Relationships and Health Education**. This policy is available on our school website.

On 15/6/21, we will be starting this series of sessions. One of which will be a lesson on sexual reproduction. This is **not** a part of statutory PSHE education and parents have the right to remove their child from these lessons following a discussion with the Year 6 teacher or PSHE lead, Mrs Smith.

Under normal circumstances, we would invite you to attend a parent's meeting, but due to COVID restrictions, we are currently unable to do this.

If you **do not** wish your child to participate in the sex education lesson, please contact school to discuss this further.

Many thanks,

Mrs S Smith

PSHE lead and co-ordinator
